BITTERN PRIMARY SCHOOL

Tuesday 19\textsuperscript{th} February 2013

Dear Parents

This permission notice is to give consent for your child to attend any sporting event that is external to the school for 2013.

This will eliminate having to send permission notices back to school every time an event is held outside the school. In the majority of cases transport will be by bus and you will be informed if this is not the case.

This system will cover events such as inter-school sport, cross country, winter and summer lightning premierships, rugby gala day, athletics and triathlon. We have used this system for the past few years and found it to be successful.

You will still receive a separate notice for each event informing you of all the necessary details and any costs required. You will simply not have to sign a permission notice each time, therefore eliminating the need to chase children and yourselves for a permission notice for every separate event.

We feel this system has made the whole process easier for everyone.

Regards

STEPHEN ESPENSCHIED
